

Waiver of Federal Financial Aid

I have completed the FAFSA for 2009-2010, but have not provided the documentation requested to complete by evaluation for federal financial aid. I am requesting that the Financial Aid Office waive the FAFSA application and process my HOPE scholarship application only. I understand that I will be **ineligible for any federal aid**, including the Pell Grant or Federal Stafford Loans, until I have provided the documentation requested to complete my file.

I understand that I must meet the HOPE Scholarship eligibility requirements in order to be awarded tuition and fees under this program. I have also been informed that HOPE pays only tuition and a portion of mandatory fees, and does **not** cover any type of housing or meal plans.
